

Campus Security Coordination with State and Local Enforcement Agencies

Security on campus is handled by the Director's Office. The personnel of this department are empowered to enforce New Age Training school regulations, to investigate incidents and to apprehend those who violate these regulations or commit crimes on campus. Criminal violators who are apprehended will be turned over to the local police precinct (Midtown South Precinct, 347 West 35th Street, New York, 212-239-9811, Precinct Crime Analysis) for arrest processing. When necessary, New Age Training School will press charges against the criminal violators.

The school prepares this report to comply with the Jeanne Clery Disclosure of Campus Security Policy and Crime Statistics Act (Clery Act). This report is prepared in cooperation with local law enforcement agencies. Nothing in the law shall be construed to permit a school to retaliate, intimidate, threaten, coerce, or otherwise discriminate against any individual with respect to the implementation of the Clery Act.

Our school attempts to provide students and employees with a safe and secure environment in which to study and work. The school is open during posted hours. School facilities are secured during times the school is not open. All classrooms and corridors are under 24-hour video camera surveillance.

Personal Safety

While the school attempts to provide a safe and secure environment, students, faculty, staff and campus visitors are ultimately responsible for their safety. Safety is enhanced when students and employees take precautions such as:

- Report all suspicious activity to the Director's Office immediately
- Never take personal safety for granted.
- Avoid walking alone at night. Travel with a friend or companion.
- Avoid parking or walking in secluded or dimly lit areas.
- Limit your alcohol consumption, and leave social functions that get too loud, too crowded, or that have too many people drinking excessively.
- Carry only small amounts of cash.
- Never leave valuables (wallets, purses, books, computers, etc.) unattended.
- Carry your keys with you at all times and don't lend them to anyone.
- Lock your car doors and close the windows when leaving your car.
- Never leave valuables in your car especially if they are easily noticeable.
- Inventory your personal property and make records of the serial numbers of all items of value.

As the school becomes aware of relevant programs that address responsible practices and procedures that enhance personal safety, such information may be obtained on-campus with the School Director.

Reporting a Crime

If a student or employee is aware that a crime has been, or is being, committed on school property or at a school sponsored or recognized event off-campus during the hours that the school is open, the crime should be reported as soon as possible to the Director's Office. The Director's Office is located in the Room 801. Other emergencies should also be reported to the Director's Office. If the crime has been committed when the school is closed, it should be reported to the Director's Office as soon as possible after school is open. In addition to reporting the crime to the Director's Office, the crime should be reported to local law enforcement authorities. The local Police Department may be reached at 212-239-9811. In an emergency, the local Police Department may be contacted by dialing 911.

The Front Desk Office has authority to determine whether individuals have lawful business at the school and may request identification to make that determination. In addition, the Director's Office and Education department Office have the authority to ensure that school policies, such as break time and building access, are followed. The school works with local law enforcement agencies and refers criminal incidents to the local police department having jurisdiction over such matters.

The Director's Office will work with local law enforcement, as appropriate, when a crime is reported. Crimes reported to the Director's Office are included in the annual campus crime statistics. In addition, the school requests from the local Police Department crime information not reported to the Director's Office that is appropriate for inclusion in the annual campus crime statistics. Further, if circumstances warrant, the school community will be notified if an on-going threat is posed related to a reported crime.

If you are the victim of a crime and do not want to pursue action through the school or the criminal justice system, you may still consider making a confidential report. The purpose of a confidential report is to comply with your wish to keep the matter confidential, while taking steps to ensure the future safety of yourself and others. Reports filed in this manner are included in the annual crime statistics for the school.

The school does not tolerate violence or other threatening conduct against any members of the school community. This includes criminal acts against persons or property, as well as harassment based on sex, race, ethnicity, or disability. The school will impose strict disciplinary actions and appropriately involve law enforcement officials should any acts of violence or threatening conduct occur on school facilities or at school-sponsored events. This includes acts of violence against women.

In addition to any criminal sanctions, the school will impose appropriate disciplinary sanctions if the offender is a student or employee of the school. The school Director's Office should be

contacted should one wish to file a complaint. Also, note that, in cases of sexual assault complaints:

- both the accuser and the accused are entitled to the same opportunities to have others present during the disciplinary hearing and
- both the accuser and the accused shall be informed of the outcome of any disciplinary proceeding based on an allegation of sexual assault.

The school will work with the victim, should it be requested, in making such changes as can reasonably be accommodated relative to the student's academic and living situations.

Emergency Response and Evacuation Procedures

The school maintains an Emergency Response Operations Plan. The school may also test emergency response and evacuation procedures periodically through drills or exercises. Please contact the Director's Office for more information.

New Age Training prohibits the crime of dating violence, domestic violence, sexual assault and stalking; the definitions of those terms and the definition "consent" in reference to sexual activity are used as they are defined in the applicable jurisdiction.

In compliance to VAWA (Violence Against Women Reauthorization Act), the school Director's Office will follow an incident of domestic violence, dating violence, sexual assault, or stalking has been reported, including a statement of the standard of evidence that will be used during any institutional conduct proceeding arising from such a report.

New Age Training is using the definition of "rape" to reflect the Federal Bureau of Investigation's (FBI) updated definition in the Uniform Crime Reporting (UCR) Summary Reporting System, which encompasses the categories of rape, sodomy, and sexual assault with an object that are used the UCR National Incident-Based Reporting System.

Sexual Assault and Related Crimes

In the event of a sexual assault or domestic violence, please be aware of the following:

- * preserve any evidence of the assault (do not drink, bathe, change clothing, or comb hair, as this may destroy evidence that may be needed to prosecute the offender)
- * go to a place where it is safe from further attack and notify the police
- * report to the Director's Office any evidence of domestic violence, sexual assault, or stalking
- * obtain immediate medical attention
- * seek professional counseling and discuss with the school Director's Office available assistance in, changing academic, living, and/or transportation situations if requested and reasonably available, regardless of whether the victim chooses to report the crime to campus authorities or local law enforcement.

If requested by the student who is the victim of a sexual assault, the school will assist the student in notifying law enforcement. In addition, the school Director's Office will provide information on off-campus agencies that provide services to victims of a sex offense.

The school encourages students and employees to take advantage of the materials and programs that promote awareness of rape, acquaintance rape, and other forcible and non-forcible sex offenses available through the school and/or local community agencies. Information about such materials and programs is available at the school.

Registered Sex Offenders

The Jacob Wetterling Act requires states to obtain information concerning registered sex offenders’ enrollment or employment at institutions of higher education. Those seeking to obtain information about registered sex offenders should visit the following website:

www.nsopr.gov. Further, to the extent the State notifies an educational institution of information concerning registered sex offenders, the Family Educational Rights and Privacy Act (FERPA) does not prevent educational institutions from disclosing such information.

Disciplinary Proceedings

The school will, upon written request, disclose to the alleged victim of a crime of violence, or a non-forcible sex offense, the results of any disciplinary hearing conducted by the school against the student who is the alleged perpetrator of the crime or offense. If the alleged victim is deceased as a result of the crime or offense, the school will provide the results of the disciplinary hearing to the victim’s next of kin, if so requested.
